3. Director updates

Directors provided a 2-3 minute update on items that relate to the CBT.
4. Vital Grant Presentation

Following discussion at the past meeting, Tribal Parks Allies team presented their 2020 Vital Grant application. Saya Masso opened the presentation by sharing the context for the project. Julian Hockin-grant reviewed work done so far to engage community actors in the Tribal Parks Allies program. John Reid-Hreshko overviewed the academic and research linkages of the project. Andrea McQuade spoke to the conversations that CBT funding would enable and clarified that the grant would support dialogue facilitation around a difficult subject. The Tribal Parks Allies team answered questions from the board about the project.

Rebecca overviewed the Vital Grant committee process by which the project came to be recommended and about the Vital Grant criteria. She also shared information about periodic review considerations regarding zonation and Indigenous Protected and Conserved Areas, which collaboratively help Canada meet federal biodiversity conservation targets. She referenced the Canada 150 gathering that facilitated a difficult conversation about land, title and reconciliation, and the board’s decision to support that dialogue. She also noted that CBT legal counsel has clarified CBT is not liable legally for activities of grantees. Due to time, the board agreed to finish the conversation at the next board meeting.

Due to time limitations and the absence of directors from Ahousaht and Hesquiaht First Nation, the board decided to postpone the decision.

Motion to postpone the Tribal Parks Allies Vital Grant decision until June 18th carried by consensus.

5. Biosphere Research Award Recommendation

Laura provided an overview of the of the Technical Review Committee process and its recommendation that the Thornton Creek Enhancement Society receive the 2020 Biosphere Research Award to support the WCVI Juvenile Chinook Survival Project. She reviewed all applicants and projects and explained the Technical Review Committee’s evaluation and decision, taking into account the impacts of COVID-19 on each project as well as the standing evaluation criteria. The board discussed the project and thanked Laura for her presentation.

Motion to approve the Biosphere Reserve Award be granted to the Thornton Creek Enhancement Society as recommended by the Technical Review Committee carried by consensus.

6. Biosphere Centre
Bob Prenovost, Project Manager, provided an update regarding the enclosed risk register and budget report. He noted that the project is currently on time and on budget for the pre-development phase. He overviewed the risk management strategy and educated the board about the likelihood, impact if realized, and severity of each risk.

Tracey Mactavish and Asher DeGroot, MOTIV Architects, provided an update on the community consultation and design, including specific feedback from the District of Tofino, the broader Tofino community, user groups and partners, and Olsen Road neighborhood residents. They presented a revised design and explained how it incorporated the community feedback.

Tammy and Cathy thanked the architects for the detailed overview and noted that this project has been many years in the making. Tracey and Asher noted they could export a “fly-through” video from their modeling software to show the new design in 3D as part of the next steps in the project communications as we move into submission of the rezoning application.
