About the Project

The Clayoquot Sound Biosphere Centre (CSBC) will be a landmark 3-story, 10,464 sq ft facility located at 301 Olsen Road in Tofino. This innovative building will serve as a vital gathering place for our coastal communities, including ʔaʔuukʔiʔaʔh (Tla-o-qui-aht First Nations), ʔaʔhuusʔaʔh (Ahousaht), hiʔkʔiiʔaʔh (Hesquiaht First Nation), Yuukuʔiiʔaʔh (Ucluelet First Nation), tukʔaaʔaʔh (Toquaht Nation), Ucluelet, and Tofino.

Project Highlights

Sustainable Design: Pursuing Living Building Challenge Core certification and CaGBC Zero Carbon Building accreditation

Mass Timber Construction: Incorporating local materials and innovative building techniques

Estimated Start Date: Spring 2025 Estimated completion: Fall 2026

Location: 301 Olsen Road, Tofino

Opportunities for Local Trades

We are actively seeking local contractors and tradespeople for various aspects of construction, with a strong emphasis on:

- Mass timber construction
- Sustainable building practices
- Local material procurement
- Indigenous engagement and participation
- Workforce development and training

Why Join This Project?

- Community Impact:** Be part of a transformative project that will serve generations
- Skills Development:** Opportunity to work with innovative sustainable building practices
- Local Focus:** Priority given to local trades and materials. Cultural Significance Contributing to a facility that honors and celebrates local First Nations
- Environmental Leadership:** Experience with leading-edge green building standards

What to Bring to the Trade Fair

- Company information and capabilities
- Past project examples
- Questions about the project
- Interest in sustainable construction practices

Project Commitment to Local Success

- Prioritizing local hiring and procurement
- Supporting workforce training initiatives
- Promoting collaboration with First Nations
- Creating opportunities for youth employment
- Supporting local economic development
